

Immediate Vacancy – Site Engineer

We are *looking for a motivated multi-tasking person to join the Bridge Team and be part of the Bridge Way.* This is a great opportunity to join a highly successful Civil Engineering Contractor located in the Southwest and work on a varied range of civil engineering projects for a well-respected client base. The residence of the candidate must be within 50 miles of TQ130DF. This is a great opportunity for progression to Project Management in the future.

Job Overview/Responsibilities

- Working as part of the Project Delivery Team, you will be **responsible** for the **setting out, engineering and technical delivery of £10k to £1m size projects** with the **opportunity** to progress to project management after gaining the relevant experience.
- Report directly to our Engineering Manager.
- Setting out and **surveying** on various sites containing highways, earthworks, RC structures, drainage, Pressure Rising Mains, commercial buildings, etc.
- Use of a **CAT & Gene** to locate and mark services ahead of excavation.
- Check drawings and take offs for **accuracy**, ordering materials etc.
- Assist with the production and updating of **Health, Safety, Environmental & Quality Site** documentation.
- Resolving **technical issues** that may arise with **clients & designers**.
- **Liaise** with consultants, subcontractors, supervisors, and the general workforce involved in the project.

Progression & Opportunities

- **ICE Accredited** Training Scheme (IEng/CEng), **further education/training** schemes
- Future transition into **Project Management**.

Qualifications/Experience

- An industry applicable HNC/BEng or NVQ equivalent, **eye for engineering detail**,
- Ideally have a year on **site experience** as a Site Engineer, ideally to include work on **highways, earthworks, RC structures, drainage** etc. Have experience with **GPS** and other **robotic digital** setting out equipment.
- CSCS card (Can be provided).
- **Working knowledge** of Microsoft packages required. Use of **AutoCAD**.
- Full Driving Licence
- **Experience** of programme software preferable but not essential.
- **Strong team player** but also able to work as an individual.
- Ability to prioritise a varied workload and demonstrate good **time management** to comply with deadlines.
- **Excellent communication skills** (email/phone/face to face)
- Possess a "**can do**" **attitude** and provide support to other members of the team as required.

Package

- **Competitive Salary** based on experience & training.
- **Hybrid** Working
- Company vehicle
- Private **Medical** Insurance.
- Health Assured – **Employee Assistance** Program Service
- **Death in Service** Insurance; 3 yrs. Salary.
- **Income Protection** Plan Insurance: 50% Salary after 13 weeks to cease of employment.
- **Dental Plan** (Option at additional Cost).
- **Pension**.
